

Ski Japan

Rusutsu Resort Hokkaido

from **87,500 yen**
per person, triple share

Hokkaido's No. 1 'Rusutsu Resort'

For the past 10 years, the average annual snowfall has reached from 8 m to 10 m yearly. Thanks to the legendary powder snow, it is Hokkaido's premier ski resort with 3 mountains (Mt. Isola, Mt. East and Mt. West) serviced by 4 gondolas, 7 quads and 7 lifts, 37 beautiful runs totaling 42 km including a 3,500 m leg-burner.

This is the first Japanese ski resort to be given the Best Small Resort Award 2008 by the Great Skiing & Snowboarding Guide, UK. This White Oscar was chosen from over 120 ski resorts in 21 countries considered by the judges. In fact, Rusutsu Resort is the largest single ski resort in Hokkaido.

Whether you visit as a family, a couple, a group or a single, you'll find perfect terrain for every style and ability.
